Summary: He was more than just a pile of rotting flesh, he was Gravemind, the central intelligence behind the Flood. Gravemind drabble that focuses on all three Halo games

Very Grave Musings

A/N:I decided to try my hand at a Halo drabble. Its kinda my take on Gravemind's perspective but anyway...

Disclaimer: Bungie owns the Halo franchise, I sadly have no say in that marriage.

* * *

The biomass of flesh, rank to one's sense of smell, filled the air with its putrid aroma.

Many have assimilated with me over time spanning eons.

Their knowledge becomes mine, one with me.

Since the time of the Forerunners, I have existed.

Since the time of their empire, I spread my tendrils.

I flooded the worlds with my infectious spores.

I was, I am, and I will always be Gravemind.

Many more come to me in this great war between humans and covenant, including the most high prophets.

Regret.

Mercy.

Truth.

They are part of me.

One big symbiotic mass.

End
file.
